

# Carluk High School

**What did the Development Grants do for you?**

The development grant has been invaluable to us. It allowed us to replenish our volleyball's for s1 through to seniors. This meant that we were able to train every lunchtime with the proper equipment.

We were able to buy score boards and antennae for use in the Scottish Schools cup and helped towards installing a proper net system in our local leisure centre to ensure that we could play our home fixtures.

We started a Junior National League side at under 16 in association with Su Ragazzi. The club is called Carluk Ragazzi and trains in Motherwell on a Thursday night from 7.30pm – 9.30pm.

If you are interested in joining the Ragazzi juniors please email me for more information: [gregcoburn@msn.com](mailto:gregcoburn@msn.com)

On top of all of this we were able to reduce our transport costs to ensure that we could participate in national festivals and the South Lanarkshire mini leagues.

The purchase of the outdoor nets has meant that we are able to play volleyball in the summer months outside in curriculum time.

We have found the awards to be invaluable and couldn't run such an extensive programme without them.
