

Troon Volleyball Club – Gold Star Development Award

Troon Volleyball were delighted to receive a grant of £500 from the Scottish Volleyball Association in 2009/10 to assist in the clubs promotion of beach volleyball in Scotland.

As a result of the grant the club were able to make 7 volleyball nets and therefore 7 courts available at the three Scottish Beach tournaments it ran last summer on behalf of the SVA beach commission. Two events were at senior level and one at schools level. It was also able to staff a coaching seminar prior to the junior tournament.

In addition, Troon VC volleyball nets were used by South Ayrshire and North Ayrshire Active Schools at 5 full weeks of beach events held by them for school children in the district.

The grant will obviously have a continuing benefit in the years ahead as the nets will remain in use for several summers to come.
