

Jets VC Park Volley Tournament

On Saturday 17th July, Jets Volleyball Club held the first Park Volley Tournament of the summer of 2010. It wasn't looking hopeful in the morning as the Junior Session which was planned had to be called off due to the wet conditions.

Nether less, more than 35 competitors turned up to compete in strange weather. 4 courts were set up and everyone had registered and we were all set to play.

With the idea of the day to have as much game play as possible, matches were first team to 21 points so the games were fast and enjoyable. Everyone played with a smile on their face but still managed to maintain the competitive spirit.

From the pools 4 teams progressed into the Cup Semi Finals with the other teams

dropping into the plate competition.

The Cup Semi Finals were between He's not with us Vs Nuvoc and Heriot Watt Vs Strap Me Up.

The matches were well contested with He's not with us and Strap me Up progressing from the matches to the Final.

The plate competition was played in a lot of fun and good humour with the Plate Final being between Two Guys Fantasy and Harry Potter's Goblet. An exciting Plate Final took place with Harry Potter's team coming away with the victory.

The final of the Cup was a see saw match with the lead changing place several times but Strap me Up showed some good determination in Defence to hold off the challenge from their opponents.

A big thank you to everyone who attended and really hope we can make the next one even bigger.
