

## S2/3 National Festival

Grangemouth Sport Centre

Friday 5<sup>th</sup> February 2010.

The players and coaches descended on the venue with high spirits and excitement, wondering what the day's volleyball would hold for them. The organisers prayed that everyone would turn up!!

The event was supported by 13 students from Forth Valley College who were given a crash course in refereeing by Iain Cook prior to the players arriving. The students performed an excellent job throughout the day and carried out their tasks with smiles and laughter. I would like to take this opportunity to thank them for helping to make this a very successful festival.

The morning sessions witnessed a lot of good and in some circumstances excellent volleyball which should provide some encouragement to the UKSG coaches who are always on the lookout for that next special talent.

The afternoon sessions continued in a similar vein, with a lot of excellent volleyball and highly charged competitive spirits that lead to a number of very enjoyable matches.

The eventual winners were Queensferry High School (Boys) and Marr College (Girls). Well done to both schools on winning their respective competitions.

I would also like to thank Heather Darling and Iain Cook for their assistance, organisation through-out the day and in ensuring that the festival was a success. I would also like to thank the staff at Grangemouth Sports Centre for providing us with an excellent facility and answering our every call.
