Version 2

Scottish Volleyball – Play it Safe Guidance

COVID -19 Protection Levels Framework

Following the implementation of the Scottish Government’s COVID-19 protection levels, which set out measures that can be applied nationally or locally depending on prevalence of the virus across Scotland, Scottish Volleyball has developed an aligned framework for its clubs and members in relation to indoor and outdoor volleyball.

The 5-level system follows the [Scottish Government’s Strategic Framework](#) and will help you to understand and prepare for protection measures that might be introduced, as well as showing how and when they may change.

It allows clubs to prepare for whatever level their part of the country is in and will help manage any changes in level at any point. Information for each local authority area, including their level is available at [Coronavirus \(COVID-19\): local protection levels](#) including a post code checker.

This new system was introduced on the **2 November 2020**. Levels will be reviewed on a regular basis aligned with changes to Scottish Government guidance.

For our general Play it Safe Covid-19 guidance for indoor and outdoor volleyball, please visit:
<https://www.scottishvolleyball.org/covid-19-updates-and-guidance/>

Please note that information within our Protection Levels Framework below supersedes the associated information within our general Play it Safe guidance document.

Below is a breakdown of the restrictions that will affect indoor and outdoor volleyball at each protection level (0-4).

Updated: 10 December 2020

OUTDOOR VOLLEYBALL

		Level 0	Level 1	Level 2	Level 3	Level 4
